

Come along to **Brisbane Sound Group** on **Thursday 24th June** to get your hands on some of the leading knowledge & equipment available for your **BER Multipurpose Hall, Auditorium or Church** building. Speak with experts in the field while getting walked through the technologies that will make your venue practical,

well thought out and highly effective in its performance. Not only will there be product on show to listen and play with, but there are also 3 information sessions to choose from, where the Do's & Don'ts of audio, lighting and staging will be explained.

Topics that will be covered:

Audio

FOH Systems

- What type of speaker array's are there?
- What do I need to consider when selecting the speaker system type?
- What signal processing can do for the overall performance?

Mixing Consoles

- Analogue or Digital? What should I consider when making my decision?
- How many channels will I need?

Acoustical Considerations

- How do the acoustics effect the type of FOH system I need?
- What are the common acoustic problems in Multi-purpose halls & traditional churches?
- Simple acoustic fixes.

Lighting

Infrastructure

- What power requirements might I require?
- DMX.
- Lighting Bars.
- Why should I motorise my lighting bars & how is this done?
- Patch panels & dimmers.

Fixtures

- What type of fixtures are there and where are they appropriate to use?
- Moving heads. What should I consider?
- LED options.

Consoles

- What should I consider?
- Software?

Staging

Drapes

- Do they need to be fire rated?
- Installation differences between manual & motorized?
- What are the benefits of drapes?

Session One: 10am

Session Two: 2pm

Session Three: 6pm

Presenters:

audio • lighting • staging

Jeff MacKenzie (*Jands Technical Resource Group Manager*) & **Tim Kennard** (*Jands Lighting Manager*)

Each session is identical in content and will run for approximately two hours.

Please choose your session to attend and **RSVP** to **Chris Poulton** on **07 3852 9511** or email chrisp@brisound.com.au by **Tuesday 22nd June**.
